**Job Profile**
Fashion Revolution is a small but impactful organisation with global reach and influence to citizens, industry and policy makers. We are proud of what we have achieved, both as a UK based Community Interest Company and Registered Charity, and as a global network in over 90 countries and we are now at a pivotal moment as we approach the 10th anniversary of the Rana Plaza factory collapse in 2023, the disaster which led to the founding of Fashion Revolution.

The challenges facing the fashion industry are multiple and complex and we are seeing an increasingly difficult environment in which to drive change. As a consequence, we are looking for an outstanding strategist and visionary thinker to help us navigate the challenges ahead, whilst also being hands-on where needed to ensure we deliver on our key programmes.

Ten years on Fashion Revolution is also growing and changing, to date, we have worked in teams with four directors taking responsibility for different areas of the organisation. We have outgrown this format and need to have one point of contact for cohesion across the organisation, is this you?
